POWER OPTIMISED

Industry

Décembre 2020

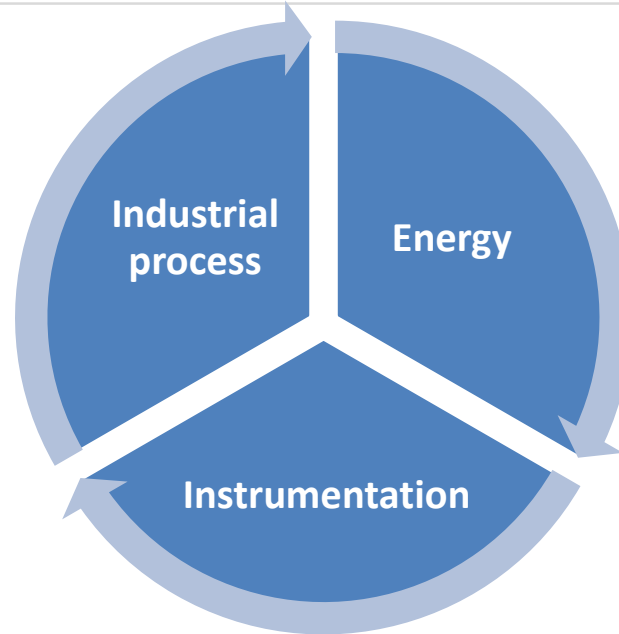

Industry

Our products for industry

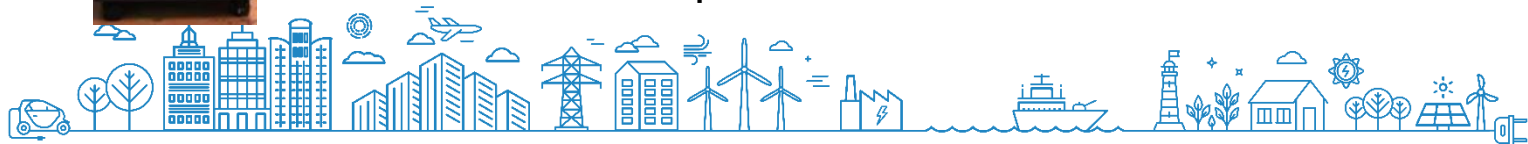

Power supplies for industrial processes
From 10 to 1000 A

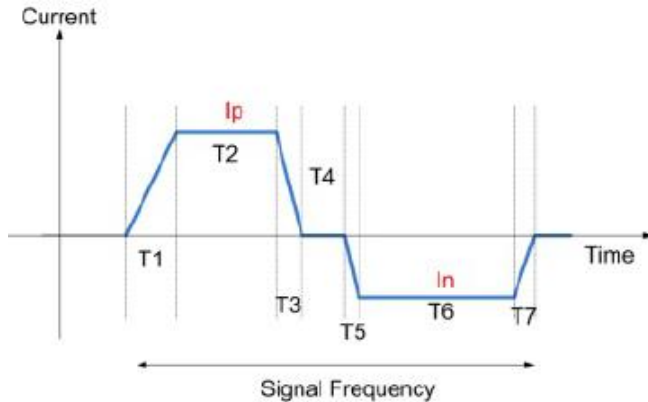

Battery discharger
120 kW / 200 kW

Static switch
up to 450 A

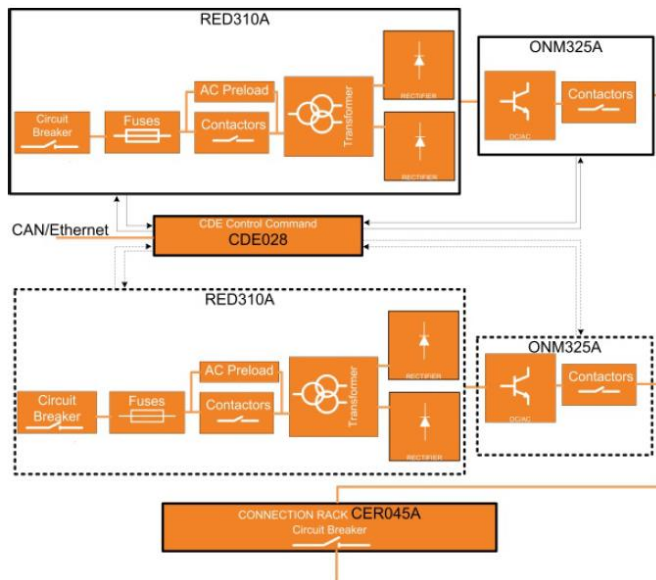

Micro Arc Oxidation Alimentation

100 kW alimentation

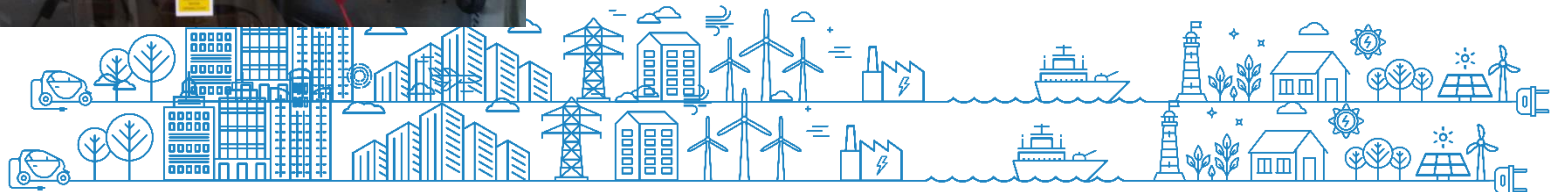

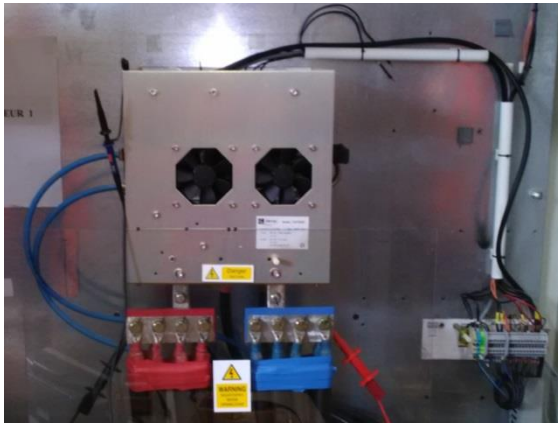

- Fully configurable current profile
- 250A / 1000Vmax / 100 to 400Hz
- Up to 4 units to reach 1000A / 400kW
- Rise time 1000A/ms max
- Liquid cooling
- Modular design for easy maintaining

Power supply 140kW

- Power supply for resonant load, robust and reliable
- 367A max
- +500V / -500V
- 5,5kHz to 10kHz
- Liquid cooling

Power supply for particle accelerator

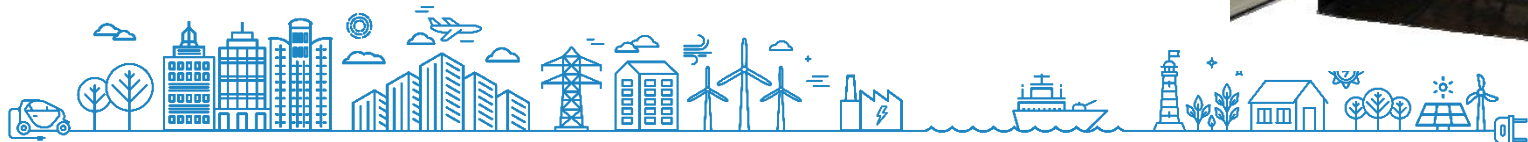

LHC superconducting magnets power supply

$\pm 10V / \pm 600A$ - rms ripple: 7mV - few ppm

444 power supplies produced in one year (2005)

Italian partner

Price contract : 6,5 M€
